

body language a guide pdf

Body language is a type of nonverbal communication in which physical behavior, as opposed to words, are used to express or convey information. Such behavior includes facial expressions, body posture, gestures, eye movement, touch and the use of space. Body language exists in both animals and humans, but this article focuses on interpretations of human body language.

Often it is reported that a dog has bitten without warning. This may be the case in a small number of incidences for example maternal aggression or idiopathic aggression/rage syndrome however in most cases the dog will have tried to convey it's intentions or unease towards a particular situation. The behaviours will vary depending on the level of arousal from simply pulling back on the lead ...
