The current model of atomic structure is the quantum mechanical model. Traditional chemistry starts with the study of elementary particles, atoms, molecules, substances, metals, crystals and other aggregates of matter. This matter can be studied in solid, liquid, or gas states, in isolation or in combination. The interactions, reactions and transformations that are studied in chemistry are ...

NEET 2019 SYLLABUS " The NEET 2019 will be conducted by National Test Agency (NTA) from the following year i.e 2019. The syllabus will be released under the guidelines of the agency and its authorities. The syllabus will be released online so the candidates are requested to keep themselves updated through the official website or the link which will be provided further below.

NEET 2019 Syllabus for Physics, Chemistry, Biology

Chemistry and physics are branches of science that both study matter. The difference between the two lies in their scope and approach. Chemists and physicists are trained differently, and they have different professional roles, even when working in a team.
