

### **copy reading headline writing pdf**

Here are some interesting statistics. On average, 8 out of 10 people will read headline copy, but only 2 out of 10 will read the rest. This is the secret to the power of your title, and why it so highly determines the effectiveness of the entire piece.

### **How to Write Magnetic Headlines - Copyblogger**

The headline is the text indicating the nature of the article below it.. The large type front page headline did not come into use until the late 19th century when increased competition between newspapers led to the use of attention-getting headlines.. It is sometimes termed a news hed, a deliberate misspelling that dates from production flow during hot type days, to notify the composing room ...

News style, journalistic style, or news-writing style is the prose style used for news reporting in media such as newspapers, radio and television.. News style encompasses not only vocabulary and sentence structure, but also the way in which stories present the information in terms of relative importance, tone, and intended audience. The tense used for news style articles is past tense.
