Guided Reading (Kindergarten) Each guided reader is fully animated to engage your child's attention. A complete phonemic and syllabic breakdown of every word in the stories is provided enabling each child to decode the written text working alone or in small classroom groups.

### **Literactive - Teaching Children to Read**

Guided comprehension moves your middle-grade students beyond decoding to become successful, independent readers. The sketch-to-stretch strategy encourages students to use "brain TV" to help them understand a text through visualization.

Constructivist teaching is based on constructivist learning theory. Constructivist teaching is based on the belief that learning occurs as learners are actively involved in a process of meaning and knowledge construction as opposed to passively receiving information. Learners are the makers of meaning and knowledge.

Describing 3D shapes in kindergarten is now an expectation as it is a key geometry standard. Also referred to by its indicator number K.G.3 this standard focuses on four main 3D shapes – the cylinder, sphere, cube and cone.. Students should be able to describe the faces, vertices and edges of each shape.
