

rethinking public accounting policy pdf

MGI's mission is to help leaders in the commercial, public, and social sectors develop a deeper understanding of the evolution of the global economy and to provide a fact base that contributes to decision making on critical management and policy issues.

Our Research | McKinsey Global Institute | McKinsey & Company

Public economics (or economics of the public sector) is the study of government policy through the lens of economic efficiency and equity.. At its most basic level, public economics provides a framework for thinking about whether or not the government should participate in economic markets and to what extent it should do so.

INTRODUCTION. While many Americans continue to struggle with unemployment and financial distress in the aftermath of the Wall Street crisis of the late 2000s, it is increasingly recognized that these acute problems are symptomatic of deeper negative trends in our economy, decades in the making.

What Is Our Public GDP? Valuing Government in the Twenty

Public capital is the aggregate body of government-owned assets that are used as a means for productivity. Such assets span a wide range including: large components such as highways, airports, roads, transit systems, and railways; local, municipal components such as public education, public hospitals, police and fire protection, prisons, and courts; and critical components including water and ...
